

October 11, 2017

Dear Patient,

Presence Health and its affiliated physicians are committed to making health care more convenient for you and your family. As a result, your doctor offers extended hours for routine care to accommodate your family's busy schedule.

Please check with your doctor's office to confirm the updated hours of access. Also, note that your doctor may have additional locations where you may be able to be seen. For your convenience, you can also visit an immediate care location with no referral necessary!

Remember, if you are experiencing a true life threatening emergency, you should call 911 immediately and go to the nearest emergency room (ER). If you're having a health issue that needs attention but is not serious enough for the ER, you can contact your doctor or choose one of our convenient immediate care locations.

If you have any questions, call us at 877.737.4636 and we will be glad to help answer any questions and help you find the care you need.

Wishing you and your family the best of health.

Sincerely,

Presence Health
